FOR IMMEDIATE RELEASE

LA CLÍNICA DE LA RAZA CELEBRATES ITS 10TH ANNUAL EVENT

On Saturday September 26th, La Clínica de La Raza will be hosting its 10th Annual Event. The event, All That Jazz (& Sushi!), will be held at Yoshi's Jazz Club & Japanese Restaurant in Oakland. This year, the event will feature La Clínica de La Raza's extensive women's services.

More than 60% of our patients are women and 43% of these patients have benefitted from our women's services in the last year. These services consist of our Women, Infants, and Children (WIC) program, preventative health care, family planning, pregnancy

care, breast feeding support, midwifery, and many more. Serving women, children, and families has always been a priority of La Clínica de La Raza.

For the past 44 years, La Clínica de La Raza has consistently provided culturally sensitive and quality health care to the Bay Area community. This annual event brings together community members, employees, sponsors, and donors and gives them the opportunity to learn about the accomplishments and new programs that 2015 brought La Clínica de La Raza. It is also an opportunity for friends of La Clínica de La Raza to invest in its future successes. Our current sponsors include McKesson, Kaiser Permanente, Union Bank, Henry Schein Dental, John Muir Health, Natixis Global Asset Management, and Sutter Health East Bay. Oakland Magazine is also a media sponsor of the event.

In addition to learning more about La Clínica de La Raza and our women's services, some highlights of the event will include a performance by Bay Area singer and percussionist, Linda Tillery, as well as a live auction and raffle. Getaways to a Western Sonoma beach home or to the Hilton in Canada are just two of our exciting new auction packages. Come show your support for La Clínica de La Raza and join us for this evening of entertainment and celebration, September 26th!

“I have attended this event for the last several years and it is consistently one of the best fundraisers I attend. Keep up the good work.” – Retired Bank VP, LC donor

Aisha Hampton-Bowser, La Clínica board member, and Jane García, La Clínica CEO, speaking to the guests at All That Jazz (& Sushi!) 2014.

About La Clínica de La Raza

The Mission of La Clínica de La Raza is to improve the quality of life of the diverse communities we serve by providing culturally appropriate, high quality, and accessible health care for all.
